Dear Sir/Madam,

We are delighted to let you know that the Hillingdon Council has now approved our plans for a substantial extension at the rear and side of the temple to build a new kitchen, toilets, store room will figure in the first phase of development. The second stage will involve construction of the shrine in front of the temple and it will be on the lines of the image presented.

This development will give storage facility, prepare Maha Prasad for Mataji, for priests and devotees. It goes without saying that future generations stands to benefit from the presence of an improvised sacred building. Of course, good work of this magnitude can be done only with substantial investment.

It is in this connection that I humbly request your support in the form of one-off donations or regular monthly contributions to realise our long-cherished goal. Over and above this, if you are able to provide any form of support to our project, you are more than welcome to do so.

Financial contributions can be made directly to the temple's account whose details are as follows:
